Decision-Making in Times of Fear and Crisis

Directions: After finishing your assigned reading with your group, work together to complete the first three columns of the graphic organizer on the next page together. Do not write anything in the fourth column until your teacher directs you to do so.

After your group has finished the reading and the first three columns of the chart, discuss the following question to prepare for the class discussion:

What does this source suggest about the variety of ways humans might respond to fear and crisis?

Name/ Position	Reaction to Kristallnacht <i>How did this person react to Kristallnacht?</i> <i>What choices did they make?</i>	Motivating Factors <i>What factors may have motivated this person and/or influenced their choices?</i> <i>How might this person's universe of obligation influence their choices?</i>	Label this person's actions.
